CRS Student Conference/Research Presentation Award Application

Purpose of the CRS Student Research Presentation Award: Supports expenses for student researchers who have been accepted to present research* at an external event (e.g., a conference, symposium, or exhibition). Students awarded travel funding must travel to the event and be a significant contributor to the research project/creative work.

*"Research" refers to inquiry that harnesses knowledge, skills, and produce new knowledge or to make a new contribution to the discipline. recognized that this concept varies across the humanities, the creative and sciences disciplines.

Purpose of the CRS Student Conference Award: Supports travel experience residential students to attend an external academic event (e.g., a conference, symposium, or exhibition). Students awarded funding must complete travel external event.

Follow-up requirements: All award recipients are required to submit a describing their experience at the event within three weeks of the event. the recipient will include up to three images illustrating their experience accompany this report. These images should be of good quality, with resolution, and will become the property of the University.
